

**M**otivation, energy, determination and fire signal a drive to work hard to complete a task or to change a practice or policy.

Find examples in stories of motivation, energy, determination or “fueling the fire:”

1. Who’s motivated to work hard in school?
2. Who’s motivated to work hard to solve a community problem?
3. Who’s motivated to work hard on the job?

In each example, what fires up someone or motivates him or her to work hard?

Who or what “fueled” the person’s fire or desire to do well?

## **Be Creative!**

Interview others to find out what “fuels” their fire or motivates them to work hard in school or on the job.
