

Feel The Fire

The logo consists of the word "Feel" in a black, serif font at the top. Below it is a stylized torch with a black handle and a black bowl. A bright yellow and orange flame rises from the bowl. Below the torch is the word "The Fire" in the same black, serif font, with "The" to the left and "Fire" to the right of the torch's handle.

Firefighters put out unwanted fires and rescue people from blazes. They also help with other rescues. Read newspapers about emergencies that firefighters deal with, and conduct additional research to find out more about what firefighters do and how they train for their job.

1. What emergencies do firefighters deal with?
2. What more do firefighters do?
3. How do firefighters train for their job?

Draw conclusions based on your reading of news reports. What personal skills and attributes do you think a firefighter needs to do his/her job well?

Be Creative!

Study comic strips for the ways the cartoonists use words and drawings. Then, prepare a storyboard with words and drawings that tell what happened in a news story that involves firefighters.
